If you would like to help set up, perform, prepare food or have any garden produce to contribute, please let me know. Call me at [removed] or email [removed]  
And please RSVP by August 29th so I know how much food to make.

Please forward this announcement to others you know who are interested in alternative medicine and healing foods. It will be a fun way to see the school where I teach part-time and The Center for Vital Living.

*Thanks to all my friends and family  
for your support!*
